

## What is the LifeSupport™ System?

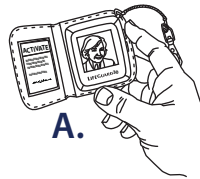

LifeSupport™ is LifeGuard30™'s back up system that can be used to retrieve emergency medical information even if your patient's LG30 device is damaged, destroyed or missing. Using your patient's unique LifePin™, you can access your patient's emergency medical information quickly and easily without their LG30 device.

## Where can I find my patient's LifePin™ ?

Your patient's unique LifePin™ comes attached to both LG30 devices, their Medical Bracelet, Refrigerator Pocket Decal, and their Wallet ID Card.

### LifePin™ Locations:

- A. LG30 Devices
- B. Medical Bracelet
- C. Refrigerator Pocket Decal
- D. Wallet ID Card

## How can I access my patient's emergency medical information without the LG30 device?

Your patient's LifePin™ grants you access to their records by text messaging, by phone with a LifeSupport™ operator or online at [www.lifeguard30.com](http://www.lifeguard30.com).

1. **SMS Text:** Text LifePin™ (LUS **xxxxxx xxxxx**) to **66530** to receive emergency medical information by cell phone.

**\*Coming December 2009**

2. **Call 1-877-831-8147** and provide the LifePin™ to the LifeSupport™ Operator to receive Medical Records.

3. **Online:** Log onto [LifeGuard30.com](http://LifeGuard30.com) and enter LifePin™.
